Join our team of trained Adaptive Golf Coaches to spread Freedom & Joy to special needs & the Wounded Veteran Community through the game of Golf. This workshop will educate coaches on how golf is utilized as a vital element in both physical & mental rehabilitation to all unique ability types. We present a full array of common & uncommon scenarios to prepare our coaches for issues related to physical/mobility, loss of limb, developmental issues such as Autism & Down Syndrome, PTSD & many more covered over the 2-day workshop. Coaches-in-training will learn how to approach Adaptive Golf lessons using safe, effective techniques using adaptive equipment. Additionally, performing self-adaptations among different scenarios, enhancing a new level of comfort and confidence to teach individuals with different abilities joining us from the community.
