

ADAPTIVE GOLF MIAMI

Sponsorship opportunities

Sponsoring the **Adaptive Golf Miami - Ken Juhn Chapter** shows that you or your company's resources will be supporting a meaningful, rehabilitative golf program enhancing the lives of individuals in the community living with physical, cognitive and/or sensory impairments.

Dear Friends and Supporters,

The Adaptive Golf Association, a *501(c)3 non-profit*, has supported the weekly adaptive golf program in Sarasota, FL since 1998, the longest weekly program in the country, providing resources such as trained coaches, adaptive equipment, single-rider golf cars and course access to those with adaptive needs. Partnering with Tampa's James A. Haley VA Hospital in 2007 for a weekly program to serve our injured/disabled Veterans, we proudly continue to serve thousands through the rehabilitative elements of the game.

Through grants, sponsors and individual donors in communities we've been able to provide the resources to enhance so many lives through the game we love.

There are ***NO paid salaries within the Adaptive Golf Association***, so more of your charitable dollars go directly to providing the services, specialized equipment, up-keep, course access and coach training workshops supporting our adaptive needs community.

Program development funding needs:

Community clinic costs; facility, course access, adaptive equipment-training aids, Solorider-single-rider golf cars, F&B for participants to welcome them to a complimentary experience by eliminating barriers for their involvement in this empowering environment.

Sincerely,

David Windsor, PGA, Programs Director
Adaptive Golf Association

Tax Deductible IRS # 58-2617166
